

Technical Data for:

MAPETROL SYTHETIC CHAIN LUBE

Description:

Mapetrol Synthetic Chain Lube is fully synthetic chain oil with high quality CI/AW (corrosion inhibitor/anti-wear) additives. Provides good protection of components, even under extreme loads. Extend the working life of chain kit.

Properties:

- Antiwear and anticorrosive properties
- Thermostable
- Good adhesive properties
- Long service life

Aplication:

Clean the chain with Mapetrol Chain Cleaner. Shake before use. Apply Mapetrol Synthetic Chain Lube, from a distance of approx. 20 cm. Allow to take effect.
