

Technical Data for:**MAPETROL BRAKE CLEANER****Description:**

Mapetrol Brake Cleaner is a high-performance solvent formulated to remove grease, oil, brake fluid, and contaminants from all brake parts, ensuring optimal braking performance. Ideal for use on clutches, tools, and other mechanical components. This cleaner is indispensable for various automotive maintenance tasks. It dries quickly and leaves no residue.

Benefits:

- Eliminates oil, dirt, grease, resin
- Evaporates rapidly
- High spray pressure for thorough cleaning
- Non-corrosive and does not damage rubber and plastic parts
- 98 % active ingredients

Instructions:

- Shake before use
- Remove loose dirt
- Spray an even coat from around 20 cm away
- Allow the cleaner to evaporate fully
- Wipe any excess with a clean cloth
- Reapply for tough stains
