

Technical Data for:

MAPETROL INJECTOR CLEANER GASOLINE

Description:

Mapetrol Injector Cleaner Gasoline cleans injectors, valves and the combustion chamber. It keeps the entire gasoline supply system clean and in optimal condition. It reinstates power and operational efficiency. It is suitable for all gasoline injection engines (PFI / GDI) operating on either leaded or unleaded gasoline. No adverse effects on catalytic converters or turbochargers.

Benefits:

- Purges injectors, valves and the combustion chamber
- Renews power and performance
- Guards against corrosion
- Improves combustion and drivability
- Averts the accumulation of gums, varnish and sludge
- Upholds the cleanliness and prime condition of the complete petrol delivery system
- Reduces petrol consumption
- Eliminates rough idling, hesitation or knocking
- Eliminates valve sticking

Instructions:

- Treats 40-60 liters of gasoline per bottle
- Add before refueling
- Use one bottle every 2000 km
- For sportive use, add a bottle with each tank refill

Typical characteristics:

Colour	CLEAR
Smell	CHARACTERISTIC
Flash point [°C]	> 61
Density [g/cm ³]	0.795

The values provided are for informational purposes only. The exact values for a specific batch are available on the Certificate of Analysis (CoA).

Storage:

Please store in a well-ventilated, dry, and cool area, away from direct sunlight and out of reach of children. Additional information can be found in the safety data sheet.
