

**Technical Data for:**

**MAPETROL OFF ROAD CHAIN LUBE**

**Description:**

Mapetrol Off Road Chain Lube is a dry spray lubricant designed for demanding off-road motorcycle and bicycle use. It provides reliable lubrication while protecting the chain against wear, corrosion, and harsh environmental conditions.

After application, the solvent evaporates and leaves a durable dry protective film that adheres strongly to metal surfaces without attracting dust, sand, or mud — even in tough off-road conditions.

Powered by Mapetrol AIM<sup>2</sup>, the spray system enables wide coverage or precise application in hard-to-reach areas. The advanced formula reduces friction and chain noise, resists water and saltwater, and is safe for paint and lacquer surfaces.

**Benefits:**

- Dry lubrication developed for off-road chains
- Long-lasting protection against wear and corrosion
- Clean dry film that repels dust, sand, and mud
- Strong adhesion to metal surfaces
- Mapetrol AIM<sup>2</sup> for wide or precise application
- Excellent creeping ability for tight areas
- Waterproof and saltwater resistant
- Reduces friction and chain noise

**Instructions:**

- Clean the chain thoroughly.
- Shake the spray well before use.
- Apply an even coat to the chain.
- For maximum protection, apply a second layer after 10 minutes.
- Store between -5°C and +30°C. Shelf life: 24 months.

**Storage:**

Please store in a well-ventilated, dry, and cool area, away from direct sunlight and out of reach of children. Additional information can be found in the safety data sheet.
